Escrow Holdbacks Not allowed unless the holdback has been disbursed and a certification of completion has been issued prior to purchase by First Community .

Appraisal Requirements

- Transferred appraisals are not allowed.
- Appraisals must be completed for the subject transaction. Use of a prior appraisal, regardless of the date of the prior appraisal, is not allowed.
- Appraisal Update (Form 1004D) is allowed for appraisals that are over 120days aged but less than 180 days aged from Note date.
 - The appraiser must inspect the exterior of the property and provide a photo.
 - Appraiser must review current market data to determine whether the property has declined in value since the date of the original appraisal. If the value has declined since the original appraisal, a new full appraisal is required.
 - The Appraisal Update (1004D) must be dated within 120 days of the Note date.
- Investment properties must contain a rent comparable schedule.
- Collateral Desktop Analysis (CDA) with accompanying MLS sheets ordered from Clear Capital is required to support the value of the appraisal. FCM is responsible for ordering the CDA.
 - If the CDA returns a value that is “Indeterminate” or if the CDA indicates a lower value than the appraised value that exceeds a 10% tolerance then one (1) of the following requirements must be met:
 - A Clear Capital BPO (Broker Price Opinion) and a Clear Capital Value Reconciliation of Three Reports is required. The Value Reconciliation will be used for the appraised value of the property. FCM is responsible for ordering the BPO and Value Reconciliation through Clear Capital.
 - A field review or 2nd full appraisal may be provided. The lower of the two values will be used as the appraised value of the property. FCM is responsible for providing the field review or 2nd full appraisal.
- For properties purchased by the seller of the property within 90 days of the fully executed purchase contract the following requirements apply:
 - Second full appraisal is required.
 - Property seller on the purchase contract is the owner of record.
 - Increases in value should be documented with commentary from the appraiser and recent paired sales.

The above requirements do not apply if the property seller is a bank that received the property as a result of foreclosure or deed-in lieu.
- Higher-Priced Mortgage Loans (HPML)
 - If the property was acquired by the seller less than 90 days from the purchase agreement and the purchase price exceeds the seller’s acquisition price by more than 10% then a second full appraisal is required. Bank owned properties are not exempt.
 - If the property was acquired by the seller between 91-180 days from the purchase agreement and the purchase price exceeds the seller’s acquisition price by more than 20% then a second full appraisal is required. Bank owned properties are not exempt.
 - If a second appraisal is required for one of the above two reasons, the borrower may only be charged for one of the appraisals.
- Appraisal requirements based on loan amount:

First Lien Amount	Appraisal Requirements
Purchase Transactions	
≤\$2,000,000	1 Full Appraisal
>\$2,000,000	2 Full Appraisals
Refinance Transactions	
≤\$1,500,000	1 Full Appraisal
>\$1,500,000	2 Full Appraisals

When two (2) appraisals are required, the following applies:
 Appraisals must be completed by two (2) independent companies.
 The LTV will be determined by the lower of the two (2) appraised values if the lower appraisal supports the value conclusion.
 Both appraisal reports must be reviewed and address any inconsistencies between the two (2) reports and all discrepancies must be reconciled.
 If the two appraisals are done “subject to” and 1004Ds are required, it is allowable to provide one (1) 1004D. If only one (1) 1004D is provided, it should be for the appraisal that the value of the transaction is being based upon.
