The Borrower can receive funds at closing if they do not exceed the program requirements

The prior settlement statement will be required for proof of purchase price
- Refinance of a previous Cash-Out seasoned < 1 year will be considered Cash-Out refinance

Credit Eligibility

- A written explanation for all inquiries within ninety (90) days of application is required disclosing no new debt
- Alternate confirmation that there is no new debt may include a new credit report, pre-close credit score soft-pull or gap report

- DTI should be recalculated based on any new debt
- Any new credit scores must be reviewed for qualifications

Credit Scores

- FICO is a credit score developed by FICO, previously known as Fair Isaac Corporation. FICO scores are derived by a credit-scoring model used to predict the likelihood of a default occurring. FICO scores are among the most important factors in determining the customer's likelihood of debt repayment. The higher the FICO score, the lower the probability of default.
- A minimum of 2 credit scores are required to be provided and used to determine the qualifying credit score for loan approval. Methodology of which FICO score to use is as follows:

DSCR Credit Score Methodology

- The Representative Credit Score for a borrower is the middle score of 3 FICO scores, or the lower score of 2 FICO scores when only 2 FICO scores are provided.
- When more than one borrower qualifies for the loan, the qualifying credit score is the higher Representative Credit Score of all borrowers
- Credit rescoring must be completed prior to loan lock except in the event of a disputed item or valid error. Documentation must be provided to support the reason that a credit rescore was performed.

Credit Report Requirements

Tradelines

If the primary borrower has three (3) credit scores, the minimum tradeline requirement is waived. For loans when the primary borrower has less than three credit scores, each borrower must meet the minimum tradeline requirements, unless the co-borrower is the spouse of the borrower. In that case, only one spouse is required to meet the minimum tradeline requirements outlined below.

Minimum tradeline requirements are as follows:

- At least three (3) tradelines reporting for a minimum of 12 months, with activity in the last 12 months, or
- At least two (2) tradelines reporting for a minimum of 24 months, with activity in the last 12 months.
 - At least 1 revolving tradeline reporting for 60 months with activity in the last 12 months and a verified 12-month housing history 0x30; or
 - At least 1 installment tradeline reporting for 36 months with activity in the last 12 months and a verified 12-month housing history 0x30.
- Mortgage accounts count toward required tradelines

- VORs and VOMs from servicing/management companies may count with a credit supplement.
- Married borrowers are evaluated on combined credit and do not need to individually meet tradeline requirements

Alternative path (when borrower does not meet standard tradeline requirements but has a minimum of two credit scores):

- No fewer than eight (8) tradelines are reporting, one (1) of which must be a mortgage or a rental history.
- At least one (1) tradeline has been open and reporting for a minimum of twelve (12) months.
- The borrower has an established credit history of at least eight (8) years.
- Tradelines with recent serious adverse history are not acceptable.
- Student loans can be counted in credit depth as long as they are in repayment and not being deferred.
- Waive minimum tradeline requirement when three credit scores are reporting for the primary borrower.
- Create a simplified approval path when three scores are present, eliminating the need to satisfy depth/activity combines outlined above.

The following are not acceptable to be counted as tradelines:

- "non-traditional" credit as defined by Fannie Mae
- Collection accounts
- Self-reported tradelines
- Foreclosures
- Any liabilities in deferment status

- Security freeze – Credit reports may not contain a security freeze and should be resolved prior to an underwriting decision. Unfrozen reports after the date of the original credit report require a new tri-merged report
- Defaulted timeshares – Timeshares including delinquencies are treated as installment loans and not a housing event

Housing History

- Twelve (12) months housing history is required for all occupancy types – Primary, Second Home, and Investment Properties. If primary housing is documented as free and clear, no exception is needed; This includes whether or not the borrower is on the Note or Vested on Title of their primary.
- If the subject property has delinquent taxes > one year from note date (compared to loan application), this will be considered on a case-by-case basis and will require an investor exception approval, subject to LLPA. Please submit exception request for a formal review.
- Any additional housing history included in the loan file that reflects delinquencies will be subject to review and must adhere to the loan program matrix.
- All mortgages and rental payments should be current at time of closing. If the credit report or VOR/VOM reflects a past-due status, updated documentation is required to verify the account is current

- Past due balloon will be considered a delinquency (1x30) and not a housing event, but only within one hundred eighty (180) days of maturity
